*Dear Tristram*

31 October 2016

I am writing to congratulate you personally on The Swanage School's provisional 2016 Progress 8 score, which positions you as one of our region's highest performing schools. In a year when all schools were adapting to a new performance measure, it is impressive to reflect upon how effectively you have navigated this change.

I never underestimate the sheer hard work which sits behind results like these, please pass on my thanks and congratulations to your whole staff team.

Warmest regards

*Rebecca Clark*
